Staffs Chess News

EDITOR: JOHN CHARLES, 21 Church Green, Bilston, Staffs (Tel: Bilston 41171 - days)

Editorial:

This is the first 'Chess News' for the new season and I take the opportunity of wishing all readers an enjoyable and successful time over the board.

As some of you will know, Dr. V. Jenson has vacated the position of Grading Officer for the County and I shall be doing my best to fill this office as efficiently as I can - having been elected as Grader at the Staffs A.G.M.

For those who might now feel worried or concerned about future grading figures, I must hasten to assure them that I feel I know a lot more about grading than I do about publishing magazines and am no stranger to - what I consider to be - one of the toughest jobs in Chess.

My reason for mentioning Grading is to point out a couple of points which I should like to see adopted by all Secretaries, Team Captains or anyone else filling a match report. In order to identify all players clearly, I should be grateful if such reports in future bear the correct name and at least TWO initials were possible.

I intend to grade all players - both North and South - and should also welcome all information available concerning new players, past Clubs, etc., and should like to know where a player is taking part in competitive chess for the very first time.

If this information can be given to me I shall have a clearer picture of regular players and previous records when applicable.
