13 $\frac{1}{2}$ -10 $\frac{1}{2}$ one result to come of which

W'TON are claiming win.

The match was played on October1st 1983 @ the GEC Club Stafford.
Congratulations are in order for all the members of the Wolverhampton
side,who acheived a fine win even though outgraded on the majority of
the Boards.

The team Captain wishes to express his thanks to all of the
players who turned out,the Club Secretaries who approached certain
players; also Stafford Chess Club for organising the room and refresh-
ments.

From a situation of being heavily beaten for 6-7years the w'ton
League side have now won two years running,with fine performances on
both occasions,have aquired creditability. In this years match there -s
were so many fine results,ranging from the consistancy on the top board
in not losing a board down to No 9,the middle order for winning games
when outgraded,and to the bottom Boards for not losing on the bottom
five even though outgraded,but the probably the best win must have
been that of young Graham Buckley over Mr Rodger Edwards.

We must not
however be content to rest on our laurels,for we can be sure that
Richard Beach Capt for Stoke On Trent League will be all out to field
a stronger team next year ,so we need all of the top players to turn
out to try for the HAT TRICK.

As reported to Bulletin Editor by
WOLVERHAMPTON LEAGUE TEAM CAPTAIN D.A.BURGOYNE.
