MOANS FROM THE SECRETARY - TREASURER.

There are still four clubs who have not yet sent in their league fees and it is now the third week in January, these should have been in by the end of October 1983. This does not include Lichfield and District who I believe have dropped out of the league. This club has not sent me one piece of correspondence all season although I have sent them the same information as all other clubs I would expect any club to inform officially the league secretary if their club or team/s cannot continue as it is only common courtesy to let the secretary know what is happening at your club when it happens, it is no good telling other league officials verbally as it is not acceptable second hand which does not get passed on. PLEASE KEEP THIS IN MIND KEEP THE SECRETARY INFORMED.

The clubs who have not sent in their league fees should send them in on the forms provided by the league and in future years all other clubs should do likewise. With the standard forms everything is straight forward and easy to see, I have yet to see either a league fee letter or a league registration form not provided by the league which does not produce complications and when I say every one I mean everyone. When this happens clubs send me B.C.F. fees birmingham league registered players with other irrelevant information which I am not interested in. all that is required is what is asked for on the forms
