

Wolverhampton & District Chess League

NEWS

There were surprises when a recent Division One match continued after an adjournment. One player travelled 15 miles without the sealed move he had been holding, whilst in the other adjournment the sealed move proved to be an illegal one. The 3.3 draw was perhaps a fair result. Let's not embarrass the players, but team mates from Bushbury and Lichfield certainly had things to say!

In Div.1 Bushbury lead the way with 15 points from 8 games with Lichfield A on 11 points from 7.

In Div.2 Old Draytonians keep their 100% record from 7 games with Walsall Kipp maintaining their challenge.

In Div.3 Rushall win promotion with one game to go.

In Div.4 it looks like John Thompsons and Penkridge for promotion.

In Div.5 Penkridge win the League with Goodyear and Union Locks fighting out the Runner Up spot.

Congratulations to the County 2nd team. After winning the West Midlands Section they then beat the East Midlands winners Leicestershire and now move into the National Quarter Finals.

APRIL 1935.

When the final tables are made up several clubs will lose points for not having enough active players registered. The number could be as high as 10 clubs. Most of the fixtures have been played, but there are a fair number of games still outstanding, some for longer than the 28 days allowed by the rules for them to be finalised by. There are 3 or 4 secretaries who feel that the rules are made just to take up space on the paper they are printed on. They raise holy hell when they are penalised for breaking them!

There are a few more matches which have been finalised but have not been included in the above league tables.
